What should a law enforcement officer look for if called to a fireworks retail location?

If the location sells consumer fireworks (bottle rockets, firecrackers, roman candles, etc.) ask to see the vendor's permit from the State Fire Marshal. What are the laws concerning homemade fireworks (i.e. What about a large homemade firecracker? What is considered too "large"?)

Any firework that does not have a label with 1.4G or Consumer Protection Safety Council (CPSC) on it is illegal and we report them to the ATFE.
